Impact Assessment Matrix 1: Effect and Impact Identification

Plan, policy, programme or project under assessment:		14. Development and Flood Risk			Assessment ID: F44.13.004				
Sub- plan, policy, programme or project under assessment:		14.25 Site specific development should: Provide effective flood mitigation measures that can be incorporated within the design of the proposed building or on site or elsewhere							
Will implementation of the proposed strategic option, policy or action affect the sustainability of the Borough...		Brief description & character of the anticipated effect							
SA/SEA Objectives	Indicators / Targets /Trends <i>(see Scoping Report for full description)</i>	Description of Effect/Issue	Can the effect be quantified? (if yes, insert data reference)			Characterisation of Effect			Comments including recommendations for minor effect mitigation & enhancement <i>(See Note 4)</i>
			Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	Data:	Duration (See Note 1)	Consequence (See Note 2)	Status (See Note 3)	
RSF18	<ul style="list-style-type: none"> Population that are within water resources zones that are in deficit (Data Gap) 	<i>What is the anticipated effect/issue?</i> <ul style="list-style-type: none"> This policy is in direct agreement with RSF18 	Yes <input type="checkbox"/>	No <input checked="" type="checkbox"/>	Data: <ul style="list-style-type: none"> N/A 	LP	+	D	This policy is in direct agreement with RSF18 as the proposals will help prepare for the impacts of climate change

Note 1 **Duration** refers to whether the anticipated effect is a short (S), medium (M) or long (L) term one, and whether it is expected to be permanent (P) or temporary (T).

Note 2 **Consequence** refers to whether the anticipated effect will be a significantly beneficial (++), beneficial (+), neutral (0), adverse (-) or significantly adverse (--).

Note 3 **Status** refers to whether the anticipated effect will be direct (D), indirect (I), cumulative (C) or synergistic (S).

Note 4 **PPPP can definitely do**; **PPPP could do, subject to limits or further investigation thereof**; **PPPP can't do, but others can**
