

In view of the foregoing I would therefore request the Officers of the Council to strongly action the following:

1. Provision of access of delivery bays to the shops – there is an urgent need of these, plus parking bays in Station Road for short time parking. Action Addlestone has requested that the Local Area Committee grant permission for 25 spaces in Station Road to be funded by the Borough
2. Adequate parking for short term and long term shoppers with disabled parking.
3. Provision of permanent spaces for legitimate traders albeit at an annual cost.
4. Saturday carparking in the Civic Offices should be signposted and advertised appropriately.
5. Look into a viable travel plan to cover the whole of Addlestone with pickup points in Chertsey, Staines, Weybridge and Woking.
6. Can the officers please investigate the long term plans of the Post Office Sorting Office and the access because this could increase significant available parking and layout.
7. Investigate the possibility whether Tesco could lease out long term carparking to the traders.
